**Financial Report:**

The financial report, including the credit card expenditures, were presented by Mr. Bowyer. Ms. Haye made a motion to accept the financial report and credit card expenditures as presented. Ms. Browning seconded the motion. Motion carried.

**Complaints:**

A. Dr. Moore addressed the board regarding an existing complaint related to an office that was allowing personnel who did not have a valid license to operate a CT unit. Mr. Bowyer informed the surgeon's office that only licensed personnel or a physician could legally operate this type of unit. The office responded that only the physicians would operate this machine. A motion was made, seconded, and carried to dismiss the complaint and a letter would be sent informing the office that if this same activity is reported again, the Board will file a court action against their office.

B. Dr. Moore also informed the Board that two podiatrist offices had been reported as using individuals to operate their podiatric x-ray equipment without a valid permit issued by the office. C. Dr. Moore informed the board that a complaint had been received from a hospital that had terminated an employee after failure of a drug test given for cause. The hospital reported that another employee had observed the licensee pocketing leftover medication before it could be disposed of after a medical procedure. The licensee responded to the Board's Notice of Complaint and admitted to the allegations. He ask that his license not be revoked. Upon completion of the Ethics Committee report, Dr. Moore opened discussions concerning the number of drug related complaints being received by the Board and that the Ethics Committee had discussed the need to have a standard protocol to follow that would be consistent with the severity of the infraction. After a lengthy discussion related to the issues involved in dealing with a licensee who has been proven to have used illegal drugs or illegally acquired prescription drugs, a motion was made, seconded and passed to develop a standard protocol to follow in this type of case that would be posted on our website.

#### **Old Business:**

A. Nuclear Medicine Concerns - Ms. Godby presented the Board with the findings of the committee meeting dealing with the West Virginia law relating to Nuclear Medicine. A recommendation was received from the nuclear medicine community from the previous meeting . This recommendation was submitted to the American Society of Radiologic Technologists (ASRT) and Nuclear Medicine Technology Certification Board (NMTCB) for comments. The ASRT submitted a recommendation for a suggested change. The NMTCB did not respond. However, a phone call to their office indicated they did receive the suggestion but were unable to respond within the given time frame. The matter was discussed, a motion made, seconded and passed that the wording would be changed to the following and submitted to the Legislature for passage during the 2009 session:

“The scope of practice for a Nuclear Medicine Technologist to operate an integrated multi-modality device, i.e., PET/CT, SPECT/CT requires that:

(A) A licensed Nuclear Medicine Technologist, (ARRT(N) or NMTCB) may administer ionizing radiation from an integrated multi-modality device, if the ionizing radiation is produced for the sole purpose of attenuation correction and considered an essential component of the procedure, provided the licensee has obtained proper documented training that has been approved by the board in the radiation safety aspects of the operation of these units; and

(B) A licensed radiographer, (ARRT R), or a nuclear medicine technologist with an additional certification by the ARRT or other nationally recognized certifying body in computed tomography, shall operate the computed tomography scanner if it is used for any other diagnostic radiographic procedures.”

B. Other Nuclear Medicine Concerns - Ms. Haye expressed concern regarding another aspect of the existing law which only gives a Nuclear Medicine Apprentice 2 years to obtain accreditation. She informed the Board that this was not enough time and that this would contribute to the shortage of Nuclear Technologists in the state. A number of other issues were brought up regarding the existing law, it was decided to establish a committee to review the entire law (§ 30-23). The following Board members will make up the committee:

|                            |                |              |

It was agreed to meet at the Flatwoods Days Inn on August 11, 2008 at 10:00 AM. Mr. Bowyer asked the committee members to email him if there was any issue with this time and date.

B. License Design and Printing - Mr. Bowyer informed the Board that the new licenses were now being used in the office and that it had increased the efficiency of the office considerably, saving both time and money. Ms. Godby noted that the print on the dates and license number was a little light. Mr. Bowyer indicated that he would ask the Treasurer's office to set the print on the 5 x 7 license in bold print.

#### **New Business:**

A. eGFR Calculations for Creatinine - Ms. Oughton informed the Board regarding a question related to technologists performing eGFR Calculations for Creatinine. It was determined that this is the responsibility of the facility and that it would not be within the scope of the board to create a policy related to this procedure. Mr. Bowyer indicated that he would respond to the facility that had presented the question.

B. Needs Assessment for New Schools - Ms. Haye presented the Board with a Needs Assessment for New School procedure. This procedure will be completed and submitted to the Board by any organization that is interested in starting a new imaging school in the state. Ms. Haye informed the board that two organizations have contacted the Board regarding interest in starting new Radiologic Technology schools in the state. Ms. Haye indicated that she has been working with Mr. Bowyer and has been in contact with the other program directors in the state to establish a Needs Assessment Procedure for the establishment of a new program in the state. Ms. Haye informed the Board that the law gives the Board the responsibility of either accepting or rejecting the establishment of any new Radiologic Technology program in the state, determined by the needs, limitations and location of the program. A motion was made seconded and passed to require that the Administrator, Chief Radiologist and Chief Technologist / Imaging Manager of the clinical sites submit documentation that they agree with the establishment of a new program in their facility. There was also a motion made, seconded and passed that would require the notification of Program Director of any existing program in state that consideration was being given to the establishment of a new program.

C. Change in Dental Hygienist Law - Mr. Bowyer informed the Board that the Dental Board had

submitted a change to their law for public comment. One of the changes is that a dental hygienist would be allowed to work on their own without a Dentist being present for up to three weeks or up to 15 consecutive days. Mr. Bowyer informed the Board, during this time frame, they would be allowed to perform x-rays examinations. This would be in direct conflict with our law which states that dental hygienist must be under supervision of a Dentist when performing x-ray procedures. Mr. Bowyer informed the Board that he had already submitted a letter to the Dental Board during the public comment period informing them that this could result in a violation of existing law regulating Medical Imaging, that they needed to review the existing law before they implemented the proposed changes. Mr. Bowyer indicated that he would be at the Legislative Committee meetings when the proposed changes went to are before the committees.

D. Old Records - Mr. Bowyer informed the board that we have received approval from the State Records Administrator and the Director of Archives and History to destroy all non-essential and non-historical records from 1977 to 1997.

E. Clear Conference - Mr. Bowyer informed the Board that the annual CLEAR (Council on Licensure, Enforcement and Regulation) Conference is being held in Anchorage Alaska on September 25 -27, 2008. Mr. Bowyer requested permission to attend this conference. A motion was made to authorize Mr. Bowyer's attendance, motion was seconded and carried.

F. ASRT Meetings - Mr. Bowyer informed the Board that the Board needed to be represented at the ASRT Meeting, which would be discussed in more detail at another Board meeting.

G. JRCERT Site Visit @ WVU's Radiation Therapy Program - Ms. Belmont informed the Board that she had represented the Board at the JRCERT WVU Radiation Therapy Program review. Ms. Belmont indicated that there were only three items that needed to be addressed and that it was an excellent program.

H. WVSRT Meeting - Mr. Bowyer informed the Board that the WVSRT conference is scheduled for November 13-15, 2008 at Morgantown, WV. Ms. Hays will be in attendance representing her office, and Ms. Godby agreed to attend and represent the Board, since Mr. Bowyer will be unavailable those dates. Mr. Bowyer indicated that the Board would cover Ms. Godby's expenses to attend.

## **PERSONNEL EVALUATIONS**

Ms. Belmont indicated that personnel evaluations for Board employees were required in the month of June. The Board went into Executive Session to discuss personnel issues.

Upon returning to the regular session, a motion was made to adjust the raise percent for office employees to a maximum of 4.0 % for a 2.90-3.00 rating with the lower rating adjusted to correspond with this change. The motion was made, seconded and passed. Mr. Bowyer indicated he would email the board the adjusted raise table.

Mr. Bowyer discussed Mr. Fink's job performance evaluation. Mr. Bowyer informed the Board that Mr. Fink's evaluation score equated to a 4 % raise but, since the Legislature had approved a raise of 3 % for all state employees, that amount would be the maximum raise allowed.

Ms. Belmont discussed Mr. Bowyer's job performance evaluation. Ms. Belmont informed the Board that Mr. Bowyer's evaluation score also equated to a 4 % raise but, based on the Legislative mandate, only a 3 % raise would be given. Motion was made, seconded and passed to give both employees the Legislative mandated, 3% raise effective July 1, 2008.

Ms. Belmont thanked both Mr. Bowyer and Mr. Fink for the good work they were doing on behalf of the Board, the licensees and the public.

#### **RE-APPOINTMENTS (ALICE, DR. LEON, GRACE & JEANNIE)**

Mr. Bowyer informed the Board that the appointments of Ms. Belmont, Dr. Leon, Ms. Peters and Ms. Morris expire at the end of June 2008. Mr. Bowyer indicated that all four had agreed to accept re-appointment. Mr. Bowyer informed the Board that a Board member is allowed to continue to serve until he/she is re-appointed or replaced. All have agreed to continue serving until such time as the Governor re-appoints them or replaces them.

#### **ELECTION OF BOARD CHAIRPERSON AND SECRETARY**

Ms. Hays was nominated to the position of Board Secretary, nomination was seconded and carried. Ms. Belmont was nominated to the position of Chairperson, nomination was seconded and carried.

#### **COPIES OF CURRENT LAW**

A request was made to distribute both paper copies and CDs of the current law dealing with Medical Imaging and Radiation Therapy. Mr. Bowyer indicated that these would be prepared and distributed to the Board members by the office.

#### **EXCESSIVE RADIATION EXPOSURE**

Eva Hallis, Program Coordinator of the Radiologic Technology Program for Southern West Virginia Community and Technical College, addressed the board regarding the excessive radiation exposure that some patients are being subjected to. Ms. Hallis informed the Board that the ASRT has instituted a program named "Image Gently" that deals with this issue. After discussion, it was decided to put a statement on our website dealing with this issue. Mr. Bowyer asked Ms. Hallis to send him the web link to the ASRT program, and he would inquire about putting a hyperlink from our statement to the Image Gently web page on the ASRT website.

The next board meeting will be held on Wednesday, October 8, 2008 at the South Charleston Ramada Plaza at 5:00 P.M..

The motion carried. Ms. Godby abstained.

D. Ms. Haye informed the board that a technologist was terminated for unauthorized injection of medication. The ethics committee determined that the technologist was in violation of the scope of practice of a radiologic technologist by calculating and injecting a patient with medication without a physician prescribing this action. The ethics committee recommended a Consent Agreement with a one year suspension followed by a two year probation period. Also, the licensee would be required to obtain 15 hours of continuing education in medical ethics over the duration of the Consent Agreement, of which six hours must be obtained during the one year suspension. The board will require that the remedial action taken by the licensee be consistent with normal board protocol should the requirements of the ARRT be less than that required by the board. Mr Wilson made a motion to accept the recommendation, Ms. Morris seconded the motion. The motion carried.

#### NEEDS ASSESSMENT FOR NEW SCHOOLS

Ms. Haye informed the board that two schools had inquired about starting new programs in West Virginia and that Mr. Bowyer had submitted the requirements to them. To date there has been no response from either school.

Ms. Haye presented the board members with a report for the 2006-2007 school year for Radiologic Technology Programs in the state of West Virginia. This report showed that there were 120 graduates. The percentage of student completion of a program was 92.64. The first time pass rate for the ARRT exam was 93.5 %. The percentage of employed graduates in their field of study was 97.875%. Ms. Haye informed the board that the state schools were doing a very good job.

#### CLEAR CONFERENCE

Mr. Bowyer reported on his attendance at the annual CLEAR Conference. He discussed the topics that were covered at the conference which included: Investigator Discussion Group, Administrator's Discussion Group, CSI for Regulators, Legal Issues, Health Issues, Developing Guidelines for Consistent Decision Making, Drug Diversion, Use of Technology to Improve Accuracy and Efficiency at Onsite Investigations. Mr. Bowyer indicated that the training received through this conference would be very useful in his position.

#### AUDITOR'S SEMINAR

Ms. Belmont reported to the board regarding the annual State Auditor's Training Seminar. Attending were

Ms. Belmont, Ms. Godby, Ms. Haye, Mr. Bowyer and Mr. Fink. All of those attending indicated that the meeting was very informative. Topics covered included: How Bills Become Law, Privacy Policy (including the use of a licensee SSN and the release of personal information), Legislative Audits (done every 12 years), Annual Budget (the state allows each board to have up to two years annual operating budget before the excess is rolled into the State General fund, also that they like each board to have on hand one year's annual operating budget.) .

Ms. Belmont discussed the hand-out that was received "Duties of a Board Member" (each board member was given a copy). Other topics discussed included:

- A Board is greater than the sum of its parts.
- Leave you position on the Board in better shape than when you were appointed.
- The Board exists to protect the public, not personal or agenda driven.
- Public service is it's own reward.
- Board members are Public Officials.
- Requirements affecting Board members.
- Ethics Standards.
- Agendas and Meeting Procedures.

Ms. Haye discussed that the LPN board has two brochures that explains the actions their board takes when a complaint is filed, one brochure for the person who files the complaint and one for the licensee whom the complaint has been filed against . The brochures explains the actions taken and the normal time frame that these actions will take when a complaint is filed. Ms. Haye suggested that we develop a brochure for this Board that explains the procedure to follow to file a complaint and what to expect after the complaint is filed. The brochure would explain to the licensee who is complained against regarding the actions the Board could take and the time frames involved. Ms. Haye suggested that this be placed on the website and prepared in printed form to give to those involved in complaints.

## LEGISLATIVE UPDATE

Mr. Bowyer went over the changes to the code recommended by the legislative committee that will be submitted to the Legislature in 2009. A motion was made by Ms. Godby to accept the changes as written and amended, Mr. Wilson seconded the motion. The motion carried.

## SCOPE OF PRACTICE-VERBAL ORDERS

Mr. Bowyer discussed verbal orders given to a technologist for a procedure and the fact that there is nothing in our law that covers this. There have been a number of other questions relating to the performance of a technologist's job. Mr. Bowyer suggested that the board consider adopting the ASRT Position Statements as a basis for answering questions relating to scope of practice that are not clearly covered by state law. Because of the volume of information in the ASRT document and the complexity of the issues, the board agreed to review the document and discuss any action to be taken at the next meeting.

## STUDY GUIDES FOR APPRENTICE LICENSEES

Mr. Bowyer informed the board that he had received a number of requests relating to study guides or materials that might be available for a person to prepare for testing for a license. After discussion it was decided

the board did not want to be in a position of recommending or endorsing any material for study. There was also discussion relating to our policies regarding the test the board administers to qualify a person for a state license. The board agreed to consider our testing policy before next year's legislative session.

#### REPLACEMENT OF COPIER

Mr. Bowyer informed the board that the copier in the office is ten years old and is starting to malfunction. Because of its age, parts are becoming an issue with the company that maintains the machine. Mr. Bowyer had contacted the state purchasing department, and they had recommended leasing a new machine. Dr. Moore made a motion that the board enter into a lease for a new machine, Ms. Hays seconded the motion. The motion carried.

#### ATTENDANCE AT STATE/NATIONAL CONFERENCES

Mr. Bowyer recommended that the board send representatives to ASRT, NMTCB, ARRT and other national and state conferences for training purposes. Ms. Godby made a motion to accept this recommendation, Mr. Wilson seconded the motion. The motion carried.

#### VACATION RELIEF FOR RANDY

Mr. Bowyer informed the board that Mr. Fink will be taking vacation after the first of the year and that there is a need for a temporary employee while he is off. A motion was made by Dr. Moore to hire a temporary employee. Ms. Hays seconded the motion. The motion carried.

#### APPLICATION FOR ORIGINAL LICENSES ONLINE

Mr. Bowyer informed the board that he had been working on a procedure for allowing a person to do an application for a original license on-line using a credit card through the Board's web page. This procedure would allow the person to enter all of their personnel data and would not be accepted unless they entered their current ARRT or NMTCB number. The actual license would not be issued until all of the information is verified. Ms. Godby made a motion to allow Mr. Bowyer to go ahead with this process, Mr. Wilson seconded it. The motion carried.

**LEGISLATION UPDATE:**

A. Mr. Bowyer informed the Board that the proposed changes submitted to the Legislature for revisions to the W. Va. Code dealing with the Board have been approved by the House of Delegates and is in the Senate's Government Organization Committee. The bill, HB 2423, should be on the agenda next week and, if approved, be submitted to the floor of the Senate for approval. If approved by the Senate without any changes, will then be sent to the Governor for approval. The Board discussed the effective date of this legislation and decided to place an effective date of July 1, 2009 upon passage and signing.

**OLD BUSINESS:**

A. Scope of Practice Position Statements - The Board discussed this matter and decided to place this matter in a committee consisting of Ms. Belmont, Ms. Haye, Ms. Godby, Ms. Oughton, & Mr. Wilson for discussion and drafting of Positions Statements for the scope of practice for all licensees. Chris Paugh, Director of the Radiation Therapy Program at WV University Hospitals, will be invited for input on matters relating to Radiation Therapy, since there isn't a Radiation Therapy representative on the Board.

**NEW BUSINESS:**

A. Operation of fluoroscopic unit by a physician assistant in surgery: This matter was brought before the Board for discussion and resolution. The Board, after discussion, determined that only a licensed technologist or a licensed practitioner (ex. - physician) can operate the fluoroscopic unit in surgery. A motion was made and seconded to adopt this statement. Motion carried. This includes turning the unit on, setting the control factors, adjusting settings previously made by the surgeon, manipulating a fluoroscopic unit to obtain a better view & turning off the unit at the conclusion of the procedure. If the physician assistant is licensed by the WV Board of Medicine as a Radiologist Assistant (RA-C), they would be able to perform these duties. Mr. Bowyer will submit a written response to the facility.

B. Operation of a CT unit for Radiation Therapy Planning by a n individual licensed as a Radiation Therapy Technologist (RT (T)): This matter was brought before the Board for discussion and resolution. The Board, after discussion, determined that only a licensed technologist as RT (R) or a licensed practitioner (ex. - physician) can operate the CT unit for therapy planning. A motion was made and seconded to adopt this statement. Motion carried. Mr. Bowyer will submit a written response to the facility.

C. Radiologic Technologist doing non-interpretative fluoroscopic procedures for a physician assistant: This matter was brought before the Board for discussion and resolution. The Board, after discussion, determined that a licensed technologist can perform non-interpretative fluoroscopic examinations for a physician assistant provided the facility has a written policy stating such. Mr. Bowyer will submit a written response to the facility.

D. Qualifications for sitting for the state examination: The Board discussed this matter and decided to place this matter in a committee consisting of Ms. Belmont, Ms. Haye, Ms. Godby, Ms. Oughton, & Mr. Wilson for discussion and drafting of the qualifications for individuals wanting to sit for the state examination.

E. Changes to Series 6 Rule: The Board discussed this matter and decided that 4.8 of the Series 6 Rule should be changed. A motion was made, seconded and passed to have Mr. Bowyer begin the procedure to change this Interpretative Rule. The new Series 6 Rule, section 4.8, will read "Interpretative fluoroscopic procedures are to be performed only under the direct supervision of a West Virginia licensed physician, with the exception of spotting of the terminal ileum by a properly trained, licensed radiographer. Direct supervision is defined as a West Virginia licensed physician being in the room or by live remote audio / video."

F. Signature on licenses: Mr. Bowyer discussed a Legislative Audit of several years ago in which the Board was cited for having signed, uncompleted licenses in the office. Procedures have been implemented to print the signature onto the license directly from the computer. This allows much greater security of the licenses as there are two log-on ID's and passwords that must be used in order to complete the licensing process.

G. Purchase of projector: Mr. Bowyer was approached by a Board member about the possibility of purchasing a projector for use in committee meetings and board meetings. After discussion, motion was made, seconded and passed to have Mr. Bowyer purchase an Epson EX90 projector for the Board's use.

H. Electronic mailing lists: The Board office has been asked several times to sell electronic mailing lists instead of mailing labels. After discussion, a motion was made, seconded and passed that an Excel spreadsheet electronic mailing list would be sold in lieu of the printing of mailing labels **upon request**. The cost of purchase will remain the same as the mailing labels.

I. Minimum starting salary: Mr. Bowyer informed the Board that the minimum starting salary for the Administrative Secretary's position has been upgraded. The administrative Secretary is currently making over \$ 3,000.00 less than the minimum starting salary. Mr. Bowyer urged the Board to upgrade the salary to the minimum starting salary effect July 1, 2009. A motion was made, seconded and unanimously approved for Mr. Bowyer to begin the paperwork to implement this increase effective July 1, 2009.

J. American Registry of MRI Technologist (ARMRIT) Conference: Ms. Oughton attended the ARMRIT in Las Vegas as the Board's representative. She reported that this was a very good meeting and a lot of discussion was done concerning the role of an MRI technologist in today's healthcare field.

K. WV Society of Radiologic Technologist: Ms. Godby attended the conference as the Board's representative. In her absence, Ms. Haye gave a report on the meeting as she was also there but representing her program instead of the Board. Ms. Haye stated that the speakers were high quality and attendance was up for this meeting, actually more technologist than students.

L. Request to buy notebook computer for use by the Attorney General's representative to the Board: Mr. Bowyer discussed the need for our AG representative to have access to electronic documents of all of our laws, complaint files, disciplinary actions, court papers, etc especially during a hearing. At the last hearing of the Board, both of the files were several inches thick and time was spent looking through the pages for certain documents. By having the entire file available electronically, the hearings and other matters would run a lot smoother. After discussion and the opinion of our AG rep, a motion was made, seconded and unanimously approved to proceed with the purchase of a notebook computer (not a laptop) for the Board's attorney general representative's use.

M. Changes in State testing protocol: Discussion was held on the American Registry of Radiologic Technologist (ARRT) change in testing protocol for state examinations. ARRT policy will change in that the state exam will count towards the applicant's three exams in three years. The committee consisting of Ms. Belmont, Ms.

Haye, Ms. Godby, Ms. Oughton, & Mr. Wilson will look more closely at this and draft a state exam protocol to mirror the ARRT protocol. This draft protocol will be submitted to the Board at the June 2009 meeting for discussion and implementation.

Ms. Oughton will attend an MRI national conference sometime during the year, once it is announced. The Board also hopes to send a representative to the ASRT Annual Governance and House of Delegates meeting in New Mexico and to the Council on Licensure, Enforcement and Regulations (CLEAR) in Denver, Colorado.

C. Operation of Bone Densitometry Unit by Unlicensed Person

**OLD BUSINESS:**

A. Legislative Update: Mr. Bowyer informed the Board that the code update was vetoed by the Governor because of the title. The Legislature re-passed the legislation with an amended title and the bill is awaiting the Governor's action.

B. Series 6 Rule: Mr Bowyer informed the Board that the Series 6 Rule was submitted for public comment on April 30, 2009 and that no comments were received by the ending date of June 2, 2009. Mr Bowyer stated that he would final file this Rule with an effective date of July 3, 2009.

The Board voted to go into Executive session to discuss office procedure. Upon returning to the public session, the following were presented:

C. Position Statements - The Board reviewed the Position statements developed by a committee of Board members. The statements were amended in two areas from the committee report. A motion was made and seconded that the position statements be accepted as amended. The motion carried.

D. CT Training - A discussion was held on the type of training required for technologist to perform fusion imaging and radiation therapy treatment planning utilizing CT. Mr. Bowyer was asked to develop a testing protocol relating to Radiation safety as stated in the law. Mr. Bowyer presented a series of recommendation from a testing vendor for this testing.

**NEW BUSINESS:**

A. Mr. Bowyer informed the Board that he had received a request from a licensed nuclear medicine technologist (NMTCB) asking that permission be granted by the Board to allow the performing of diagnostic CT examinations by certified NMTCB technologist. After review of the material submitted and discussion, a motion was made, seconded and approved that Mr. Bowyer would send a letter denying this request. The letter would also state that only ARRT-R certified technologists are allowed to perform CT procedures for diagnostic purposes.

B. On-Line License Applications: Mr. Bowyer informed the Board that the on-line application process for an original license started in April. This process had been very successful, reducing the processing time and accuracy of the information. Mr. Bowyer presented the Board with information describing the process. Mr. Fink informed the board that 50% of the permanent licenses that have been issued since the implementation of this process have come thru the online procedure.

C. On-Line Application for Temporary Licenses: Mr. Bowyer informed the Board that he is in the

process of developing an on-line application procedure for the issuing temporary permits to graduates of the West Virginia approved schools of the Radiological Sciences. Mr. Bowyer briefly stated how he envisions the procedure to work. He will be presenting this to the West Virginia Treasurer's office for the writing of the web code, with an expected start date of April, 2010.

D. Treasurer's Office-Lockbox - Lella Miller & Matt Ellison: A presentation was made by Lella Miller & Matt Ellison from the treasurer's office concerning the implementation of a new lock box procedure by the State Treasurer for handling applications and checks. They explained that once the Treasurer's office would receive an application for the Board, the application and all supporting documents would be scanned and uploaded to a secure server. The Board would then download the images and process it in the normal procedure. The checks would be deposited directly into our account on that day. This process could also have the potential of scanning data fields by an optical character reader (OCR) and this data could be automatically transferred to our data base. This process would almost completely eliminate the need for the office to make deposits plus it would ensure the monies are deposited within 24 hours of receipt, as per state law. This would also save the office staff time in a number of ways and increase accuracy of the database. After some discussion, a motion was made, seconded and passed to have this process implemented by the office when it is available.

E. Auditor's Seminar: Mr. Bowyer informed the Board that the West Virginia State Auditor's Seminar for Chapter 30 Licensing Boards would be held on October 14, 2009 at the Charleston Marriott. Ms. Hays indicated that this seminar was very beneficial and the material was extremely helpful. Mr. Bowyer indicated that he would notify the Board members when the registration process opens and seek their desire to attend at that time.

F. New School Proposals: Ms. Hays informed the board that two new school proposals had been submitted to the Board.

1. The first proposal was for a MRI Program submitted by WVU Hospital. After review of the material submitted and discussion, a motion was made, seconded and carried approving the starting of this program.
2. The next proposal was for a Nuclear Medicine Program submitted by Bluefield State College. After review of the material and discussion, a motion was made, seconded and carried to approve this program, with Ms. Hays abstaining.

G. New Apprentice Licenses: Mr. Bowyer showed the Board the new Apprentice licenses that are now being used by the office. Using the printer to apply the apprentice status on the licenses improved the appearance over the rubber stamp that had been in use.

H. Board Appointments: Mr. Bowyer informed the Board that he has been in contact with the Governor's representative concerning the recommended appointments to the Board, but there has not been movement on these appointments. Mr. Bowyer indicated that the appointed members whose terms have expired can continue serving until re-appointed or replaced.

I. Qualification's For the State Exam: Ms. Belmont presented the Board with the committee's recommended qualifications for individual's desiring to sit for the state examination. After some discussion, a motion was made, seconded and passed to adopt the committee's recommendations.

J. Invoice Imaging: Mr. Bowyer informed the board that the office has started scanning all invoices

approved for payment and electronically submitting the scanned invoices and supporting documentation to the Auditor's office for payment. Mr. Bowyer indicated that the images are available to the office as a electronic document through the Auditor's office, these documents backed up on the Auditor's server and copies are also retained on the office computers. Mr. Bowyer also presented the Board with a Imaged Invoice Retention Policy that he has developed and had approved by the Office of Administration and the Department of History and Archives. The policy states that the original paper copies will be maintained in the office for a period of 60 days after the invoices have been paid. After the sixty (60) day period, the documents will be destroyed by shredding.

K. Ms. Godby suggested that an amended agenda be kept with the minutes for each Board meeting due to the changes made in the original agenda. Ms. Godby also asked that, in future agendas, an asterisk be placed by the items that require a vote by the board.
