Nicole Coffey, Attorney

The meeting was called to order by Ms. Belmont, Chairperson, at 5:10 PM.

Minutes:

Ms. Moore made a motion to accept the minutes of June 19, 2008 as presented. Ms. Godby seconded the motion. Motion carried.

Financial Report:

The financial report including the credit card expenditures were presented by Mr. Fink. Dr. Smith made a motion to accept the financial report and credit card expenditures as presented. Ms. Haye seconded the motion. Motion carried.

Complaints :

A. Mr. Bowyer addressed the board regarding a licensee who self-reported a DUI misdemeanor conviction. It was determined that the offense was not work related. The licensee was informed that the Board would consider disciplinary action if this behavior was repeated.

B. Mr. Bowyer informed the board that a licensee who had accepted a consent agreement has not completed some of the required stipulations of the agreement. Mr. Bowyer stated that the licensee was, therefore, in non-compliance with the consent agreement. The ethics committee recommended that a certified letter be mailed to him giving him fifteen days to respond explaining why he had not carried out all of the requirements of the agreement. Dr. Moore made a motion that the committee's recommendation be carried out, Ms. Godby seconded the motion, the motion carried.

C. Ms. Haye informed the board that a technologist had been terminated for inappropriate behavior and disrespect towards a student. Ms. Haye informed the board that the technologist had behaved in a totally inappropriate manner, both in action and vocabulary. A letter of education was presented that was prepared by the ethics committee which will be mailed to the licensee. Dr. Smith made a motion that this action be taken, Mr. Wilson seconded the motion. The motion carried. Ms. Godby abstained.

D. Ms. Haye informed the board that a technologist was terminated for unauthorized injection of medication. The ethics committee determined that the technologist was in violation of the scope of practice of a radiologic technologist by calculating and injecting a patient with medication without a physician prescribing this action. The ethics committee recommended a Consent Agreement with a one year suspension followed by a two year probation period. Also, the licensee would be required to obtain 15 hours of continuing education in medical ethics over the duration of the Consent Agreement, of which six hours must be obtained during the one year suspension. All of the continuing education must be pre-approved by the board office and proof of completion be provided to the board. Dr. Moore made a motion to accept the committee's recommendation, Dr. Smith seconded the motion. The motion carried. Ms. Belmont abstained.

E. Ms. Haye informed the board that a technologist had self reported a felony conviction for attempting to pass a forged prescription. The ethics committee recommended a one year suspension with a two year probation, and that the technologist complete the ARRT's alternate disposition agreement which was a result of the licensee reporting the conviction to the board. The board will require that the remedial action taken by the licensee be consistent with normal board protocol should the requirements of the ARRT be less than that required by the board. Mr Wilson made a motion to accept the recommendation, Ms. Morris seconded the motion. The motion carried.

NEEDS ASSESSMENT FOR NEW SCHOOLS

Ms. Haye informed the board that two schools had inquired about starting new programs in West Virginia and that Mr. Bowyer had submitted the requirements to them. To date there has been no response from either school.

Ms. Haye presented the board members with a report for the 2006-2007 school year for Radiologic Technology Programs in the state of West Virginia. This report showed that there were 120 graduates. The percentage of student completion of a program was 92.64. The first time pass rate for the ARRT exam was 93.5 %. The percentage of employed graduates in their field of study was 97.875%. Ms. Haye informed the board that the state schools were doing a very good job.

CLEAR CONFERENCE

Mr. Bowyer reported on his attendance at the annual CLEAR Conference. He discussed the topics that were covered at the conference which included: Investigator Discussion Group, Administrator's Discussion Group, CSI for Regulators, Legal Issues, Health Issues, Developing Guidelines for Consistent Decision Making, Drug Diversion, Use of Technology to Improve Accuracy and Efficiency at Onsite Investigations. Mr. Bowyer indicated that the training received through this conference would be very useful in his position.

AUDITOR'S SEMINAR

Ms. Belmont reported to the board regarding the annual State Auditor's Training Seminar. Attending were

Ms. Belmont, Ms. Godby, Ms. Haye, Mr. Bowyer and Mr. Fink. All of those attending indicated that the meeting was very informative. Topics covered included: How Bills Become Law, Privacy Policy (including the use of a licensee SSN and the release of personal information), Legislative Audits (done every 12 years), Annual Budget (the state allows each board to have up to two years annual operating budget before the excess is rolled into the State General fund, also that they like each board to have on hand one year's annual operating budget.) .

Ms. Belmont discussed the hand-out that was received "Duties of a Board Member" (each board member was given a copy). Other topics discussed included:

- A Board is greater than the sum of its parts.
- Leave you position on the Board in better shape than when you were appointed.
- The Board exists to protect the public, not personal or agenda driven.
- Public service is it's own reward.
- Board members are Public Officials.
- Requirements affecting Board members.
- Ethics Standards.
- Agendas and Meeting Procedures.

Ms. Haye discussed that the LPN board has two brochures that explains the actions their board takes when a complaint is filed, one brochure for the person who files the complaint and one for the licensee whom the complaint has been filed against . The brochures explains the actions taken and the normal time frame that these actions will take when a complaint is filed. Ms. Haye suggested that we develop a brochure for this Board that explains the procedure to follow to file a complaint and what to expect after the complaint is filed. The brochure would explain to the licensee who is complained against regarding the actions the Board could take and the time frames involved. Ms. Haye suggested that this be placed on the website and prepared in printed form to give to those involved in complaints.

LEGISLATIVE UPDATE

Mr. Bowyer went over the changes to the code recommended by the legislative committee that will be submitted to the Legislature in 2009. A motion was made by Ms. Godby to accept the changes as written and amended, Mr. Wilson seconded the motion. The motion carried.

SCOPE OF PRACTICE-VERBAL ORDERS

Mr. Bowyer discussed verbal orders given to a technologist for a procedure and the fact that there is nothing in our law that covers this. There have been a number of other questions relating to the performance of a technologist's job. Mr. Bowyer suggested that the board consider adopting the ASRT Position Statements as a basis for answering questions relating to scope of practice that are not clearly covered by state law. Because of the volume of information in the ASRT document and the complexity of the issues, the board agreed to review the document and discuss any action to be taken at the next meeting.

STUDY GUIDES FOR APPRENTICE LICENSEES

Mr. Bowyer informed the board that he had received a number of requests relating to study guides or materials that might be available for a person to prepare for testing for a license. After discussion it was decided

the board did not want to be in a position of recommending or endorsing any material for study. There was also discussion relating to our policies regarding the test the board administers to qualify a person for a state license. The board agreed to consider our testing policy before next year's legislative session.

REPLACEMENT OF COPIER

Mr. Bowyer informed the board that the copier in the office is ten years old and is starting to malfunction. Because of its age, parts are becoming an issue with the company that maintains the machine. Mr. Bowyer had contacted the state purchasing department, and they had recommended leasing a new machine. Dr. Moore made a motion that the board enter into a lease for a new machine, Ms. Hays seconded the motion. The motion carried.

ATTENDANCE AT STATE/NATIONAL CONFERENCES

Mr. Bowyer recommended that the board send representatives to ASRT, NMTCB, ARRT and other national and state conferences for training purposes. Ms. Godby made a motion to accept this recommendation, Mr. Wilson seconded the motion. The motion carried.

VACATION RELIEF FOR RANDY

Mr. Bowyer informed the board that Mr. Fink will be taking vacation after the first of the year and that there is a need for a temporary employee while he is off. A motion was made by Dr. Moore to hire a temporary employee. Ms. Hays seconded the motion. The motion carried.

APPLICATION FOR ORIGINAL LICENSES ONLINE

Mr. Bowyer informed the board that he had been working on a procedure for allowing a person to do an application for a original license on-line using a credit card through the Board's web page. This procedure would allow the person to enter all of their personnel data and would not be accepted unless they entered their current ARRT or NMTCB number. The actual license would not be issued until all of the information is verified. Ms. Godby made a motion to allow Mr. Bowyer to go ahead with this process, Mr. Wilson seconded it. The motion carried.

NEXT MEETING DATE AND LOCATION

The next board meeting will be held at the Sleep Inn Motel, Exit 1 - Mink Shoals Exit off I-79 on Wednesday, March 25, 2009 at 5:00 PM.

The meeting was adjourned at 7:55 P.M..

LEGISLATION UPDATE:

A. Mr. Bowyer informed the Board that the proposed changes submitted to the Legislature for revisions to the W. Va. Code dealing with the Board have been approved by the House of Delegates and is in the Senate's Government Organization Committee. The bill, HB 2423, should be on the agenda next week and, if approved, be submitted to the floor of the Senate for approval. If approved by the Senate without any changes, will then be sent to the Governor for approval. The Board discussed the effective date of this legislation and decided to place an effective date of July 1, 2009 upon passage and signing.

OLD BUSINESS:

A. Scope of Practice Position Statements - The Board discussed this matter and decided to place this matter in a committee consisting of Ms. Belmont, Ms. Haye, Ms. Godby, Ms. Oughton, & Mr. Wilson for discussion and drafting of Positions Statements for the scope of practice for all licensees. Chris Paugh, Director of the Radiation Therapy Program at WV University Hospitals, will be invited for input on matters relating to Radiation Therapy, since there isn't a Radiation Therapy representative on the Board.

NEW BUSINESS:

A. Operation of fluoroscopic unit by a physician assistant in surgery: This matter was brought before the Board for discussion and resolution. The Board, after discussion, determined that only a licensed technologist or a licensed practitioner (ex. - physician) can operate the fluoroscopic unit in surgery. A motion was made and seconded to adopt this statement. Motion carried. This includes turning the unit on, setting the control factors, adjusting settings previously made by the surgeon, manipulating a fluoroscopic unit to obtain a better view & turning off the unit at the conclusion of the procedure. If the physician assistant is licensed by the WV Board of Medicine as a Radiologist Assistant (RA-C), they would be able to perform these duties. Mr. Bowyer will submit a written response to the facility.

B. Operation of a CT unit for Radiation Therapy Planning by a n individual licensed as a Radiation Therapy Technologist (RT (T)): This matter was brought before the Board for discussion and resolution. The Board, after discussion, determined that only a licensed technologist as RT (R) or a licensed practitioner (ex. - physician) can operate the CT unit for therapy planning. A motion was made and seconded to adopt this statement. Motion carried. Mr. Bowyer will submit a written response to the facility.

C. Radiologic Technologist doing non-interpretative fluoroscopic procedures for a physician assistant: This matter was brought before the Board for discussion and resolution. The Board, after discussion, determined that a licensed technologist can perform non-interpretative fluoroscopic examinations for a physician assistant provided the facility has a written policy stating such. The physician assistant cannot perform the fluoroscopic procedure unless they have a license from the Medical Imaging Board. A motion was made and seconded to adopt this statement. Motion carried. Mr. Bowyer will submit a written response to the facility.

D. Qualifications for sitting for the state examination: The Board discussed this matter and decided to place this matter in a committee consisting of Ms. Belmont, Ms. Haye, Ms. Godby, Ms. Oughton, & Mr. Wilson for discussion and drafting of the qualifications for individuals wanting to sit for the state examination.

E. Changes to Series 6 Rule: The Board discussed this matter and decided that 4.8 of the Series 6 Rule should be changed. A motion was made, seconded and passed to have Mr. Bowyer begin the procedure to change this Interpretative Rule. The new Series 6 Rule, section 4.8, will read "Interpretative fluoroscopic procedures are to be performed only under the direct supervision of a West Virginia licensed physician, with the exception of spotting of the terminal ileum by a properly trained, licensed radiographer. Direct supervision is defined as a West Virginia licensed physician being in the room or by live remote audio / video."

F. Signature on licenses: Mr. Bowyer discussed a Legislative Audit of several years ago in which the Board was cited for having signed, uncompleted licenses in the office. Procedures have been implemented to print the signature onto the license directly from the computer. This allows much greater security of the licenses as there are two log-on ID's and passwords that must be used in order to complete the licensing process.

G. Purchase of projector: Mr. Bowyer was approached by a Board member about the possibility of purchasing a projector for use in committee meetings and board meetings. After discussion, motion was made, seconded and passed to have Mr. Bowyer purchase an Epson EX90 projector for the Board's use.

H. Electronic mailing lists: The Board office has been asked several times to sell electronic mailing lists instead of mailing labels. After discussion, a motion was made, seconded and passed that an Excel spreadsheet electronic mailing list would be sold in lieu of the printing of mailing labels **upon request**. The cost of purchase will remain the same as the mailing labels.

I. Minimum starting salary: Mr. Bowyer informed the Board that the minimum starting salary for the Administrative Secretary's position has been upgraded. The administrative Secretary is currently making over \$ 3,000.00 less than the minimum starting salary. Mr. Bowyer urged the Board to upgrade the salary to the minimum starting salary effect July 1, 2009. A motion was made, seconded and unanimously approved for Mr. Bowyer to begin the paperwork to implement this increase effective July 1, 2009.

J. American Registry of MRI Technologist (ARMRIT) Conference: Ms. Oughton attended the ARMRIT in Las Vegas as the Board's representative. She reported that this was a very good meeting and a lot of discussion was done concerning the role of an MRI technologist in today's healthcare field.

K. WV Society of Radiologic Technologist: Ms. Godby attended the conference as the Board's representative. In her absence, Ms. Haye gave a report on the meeting as she was also there but representing her program instead of the Board. Ms. Haye stated that the speakers were high quality and attendance was up for this meeting, actually more technologist than students.

L. Request to buy notebook computer for use by the Attorney General's representative to the Board: Mr. Bowyer discussed the need for our AG representative to have access to electronic documents of all of our laws, complaint files, disciplinary actions, court papers, etc especially during a hearing. At the last hearing of the Board, both of the files were several inches thick and time was spent looking through the pages for certain documents. By having the entire file available electronically, the hearings and other matters would run a lot smoother. After discussion and the opinion of our AG rep, a motion was made, seconded and unanimously approved to proceed with the purchase of a notebook computer (not a laptop) for the Board's attorney general representative's use.

M. Changes in State testing protocol: Discussion was held on the American Registry of Radiologic Technologist (ARRT) change in testing protocol for state examinations. ARRT policy will change in that the state exam will count towards the applicant's three exams in three years. The committee consisting of Ms. Belmont, Ms.

Haye, Ms. Godby, Ms. Oughton, & Mr. Wilson will look more closely at this and draft a state exam protocol to mirror the ARRT protocol. This draft protocol will be submitted to the Board at the June 2009 meeting for discussion and implementation.

N. Attendance at national and state conferences: It was announced Mr. Wilson will be attending the national Nuclear Medicine conference representing the Board in June in Toronto, Canada. Ms. Oughton will attend an MRI national conference sometime during the year, once it is announced. The Board also hopes to send a representative to the ASRT Annual Governance and House of Delegates meeting in New Mexico and to the Council on Licensure, Enforcement and Regulations (CLEAR) in Denver, Colorado.

NEXT MEETING DATE AND LOCATION:

The next board meeting will be held at the Sleep Inn Motel, Exit 1 - Mink Shoals Exit off I-79 on Wednesday, June 3, 2009 at 5:00 PM.

The meeting was adjourned at 8:25 P.M..

D. CT Training - A discussion was held on the type of training required for technologist to perform fusion imaging and radiation therapy treatment planning utilizing CT. Mr. Bowyer was asked to develop a testing protocol relating to Radiation safety as stated in the law. Mr. Bowyer presented a series of recommendation from a testing vendor for this testing.

NEW BUSINESS:

A. Mr. Bowyer informed the Board that he had received a request from a licensed nuclear medicine technologist (NMTCB) asking that permission be granted by the Board to allow the performing of diagnostic CT examinations by certified NMTCB technologist. They explained that once the Treasurer's office would receive an application for the Board, the application and all supporting documents would be scanned and uploaded to a secure server. The Board would then download the images and process it in the normal procedure. The checks would be deposited directly into our account on that day. This process could also have the potential of scanning data fields by an optical character reader (OCR) and this data could be automatically transferred to our data base. This process would almost completely eliminate the need for the office to make deposits plus it would ensure the monies are deposited within 24 hours of receipt, as per state law. This would also save the office staff time in a number of ways and increase accuracy of the database. After some discussion, a motion was made, seconded and passed to have this process implemented by the office when it is available.

H. Board Appointments: Mr. Bowyer informed the Board that he has been in contact with the Governor's representative concerning the recommended appointments to the Board, but there has not been movement on these appointments. Mr. Bowyer indicated that the appointed members whose terms have expired can continue serving until re-appointed or replaced.

J. Invoice Imaging: Mr. Bowyer informed the board that the office has started scanning all invoices

approved for payment and electronically submitting the scanned invoices and supporting documentation to the Auditor's office for payment. Mr. Bowyer indicated that the images are available to the office as a electronic document through the Auditor's office, these documents backed up on the Auditor's server and copies are also retained on the office computers. Mr. Bowyer also presented the Board with a Imaged Invoice Retention Policy that he has developed and had approved by the Office of Administration and the Department of History and Archives. The policy states that the original paper copies will be maintained in the office for a period of 60 days after the invoices have been paid. After the sixty (60) day period, the documents will be destroyed by shredding.

K. Ms. Godby suggested that an amended agenda be kept with the minutes for each Board meeting due to the changes made in the original agenda. Ms. Godby also asked that, in future agendas, an asterisk be placed by the items that require a vote by the board.

Ms. Belmont discussed the evaluation with the board and indicated that the evaluation came out to a rating score of 2.18, which equates to a pay percentage increase of 2.75%. A motion was made to increase Mr. Bowyer's salary 2.75%. The motion was seconded and carried.

The total cost of the two calls was over \$800.00. The total for the teleconference, if everyone had used a cell phone or employer phone, if authorized, and had called the non-toll free number, would have been around \$80.00. Mr. Bowyer stated that the travel and per diem, if actual meetings had been held, would have cost about the same as the \$800.00. A substantial savings is possible if calls were made to the non-toll free number. Mr. Bowyer recommended that any future teleconference calls be made to the non-toll-free number by cell phone, but that the Board would pay if this was not an option for the committee member calling in.

F. Per Diem Pay for Conference Calls

She indicated that at this time there is no way for a program to determine if a student has been dismissed or disciplined by another program for drug, alcohol, ethics or other issues when they apply to attend their program. Discussion followed, Ms Cofer indicated that the Board would not be able to establish a data-base with out the prior consent of the student because the Board does not license students. Mr. Fink was instructed to charge the late fee on any bounced check that is not made up prior to the expiration date of the license.

G. ONLINE RENEWAL WHILE ON CE PROBATION

Mr. Fink informed the Board that licensees were going online and renewing their license while they are on CE Probation through ARRT.
