**Complaints:**

A. Reinstatement of Voluntarily Surrendered License - Individual asked to have the original consent agreement presented to him modified. The Ethics Committee recommended minor changes to the consent agreement, consisting of (1) changing the reporting of monthly to quarterly (2) to delete the statement of part 12 of consent agreement (3) changing the reporting by physician to every 3 months or when the physician deems necessary. Dr. Moore made a motion to

accept the recommendations of the Ethics Committee. Ms. Morris seconded. Motion carried.

B. Attempting to Pass Forged Prescription- Individual has not signed the consent agreement and the individual's license has expired. The Ethics Committee recommended that this matter be put on hold and that the individual would have to request a hearing to resolve this matter before a license could be issued. Dr. Moore made a motion to accept the recommendations of the Ethics Committee. Ms. Peters seconded the motion. Motion carried.

C. Suturing of Femoral Artery Sheaths - The Ethics Committee recommended a Consent Agreement consisting of a cease and desist order and a reprimand be sent to the individual as this is not within the scope of practice for a Radiologic Technologist. Dr. Moore made a motion to accept the recommendation of the Ethics Committee. Ms. Morris seconded the motion. Motion carried.

D. Job Performance Evaluation - The individual has not met the requirement of the Board concerning having a job performance evaluation by an approved doctor of the Board. The Ethics Committee recommended that no action be taken without the required evaluation. Ms. Morris made a motion to accept the recommendation of the Ethics Committee. Dr. Moore seconded the motion. Motion passed with Ms. Hays abstaining.

E. Reinstatement of Suspended License - The Ethics Committee recommended a letter be sent to the individual denying the reinstatement of the suspended license indefinitely and to refer to paragraph 19B of the consent agreement concerning a hearing. Dr. Moore made a motion to accept the recommendation of the Ethics Committee. Ms. Morris seconded the motion. Motion passed with Ms. Godby abstaining.

F. Mr. Bowyer informed the Board that he had received a telephone call stating that a hospital that is presently on strike, was using unlicensed technologists. Mr. Bowyer called the hospital and talked to the Administrator concerning this matter. Mr. Bowyer was assured that there were three (3) licensed individuals that were still working, and they were taking the x-rays. Mr. Bowyer confirmed that the individuals listed by the Administrator do have a valid license with the Board.

G. Mr. Bowyer had received a telephone call informing him that a facility with new equipment had contacted hospital technologists asking them to teach their office staff to take x-rays. A letter was sent and a response was received that the doctors were the only ones that would be taking the x-rays. This information was also forwarded to the Board of Medicine by Mr. Bowyer.

H. Mr. Bowyer has received a letter from Congressman Rahall inquiring why a license application was refused for an individual seeking a nursing license. Mr. Bowyer sent a letter to Congressman Rahall with a copy to the Governor, who Congressman Rahall had copied with his original letter, informing him that we were the Radiologic Technologist Board, and that we did not license nurses unless they had been through x-ray training and were seeking a license to practice Radiologic Technology. Mr. Bowyer forwarded all the information to the RN board.

I. Mr. Bowyer received a complaint from a Doctor against a hospital who said the technologist would not show him his personal x-rays that had been taken, upon his asking. Mr. Bowyer has sent a letter to the hospital concerning the complaint and is waiting for a response.

### **Legislative Update**

A. Code Change - House Bill 2800 was signed by the Governor on April 4, 2007 with an effective date 90 days from passage. Legislation will take effect June 10, 2007.

These updated rules must be approved at the June board meeting in order to be put out for a 30 day public comment period. The rules then must be submitted by July 27<sup>th</sup>, 2007 to the Secretary State's Office and the Legislative Rule Making Review Committee.

### **New Business**

B. Re-join CLEAR (Council on Licensure, Enforcement and Regulation - Mr. Bowyer asked the Board for permission to rejoin CLEAR. The agency had been a member of CLEAR until three years ago when the agency dropped their membership because of financial restraints. Mr. Bowyer feels that it would be to the Boards advantage to again become a member of CLEAR. Dr. Moore made a motion to rejoin CLEAR on July 1, 2007. Ms. Haye seconded the motion. Motion carried.

C. Ms. Blosser's Pending Retirement - Mr. Bowyer informed the Board that Ms. Blosser will be retiring in March 2008. Mr. Bowyer proposed that someone be

hired part time in September and then changed to full time starting in January in order to learn and be ready to replace Ms. Blosser in March 2008. Mr. Bowyer recommended the individual be paid \$8.00 an hour during the part time period and paying the individual \$19,342.00 as a starting full time salary. Mr. Bowyer informed the Board that we will advertise in the newspaper for this position. This needed to be discussed at this time so money could be appropriated for the 2008 budget. Dr. Moore made a motion to accept Mr. Bowyer's recommendations. Ms. Hays seconded the motion. Motion carried.

D. PET/SPECT - Discussion was held on whether a person certified by the ARRT in CT can operate PET/CT or SPECT equipment. However, if the individual is not licensed and operating the equipment in order to obtain the competency examinations to be eligible to sit for the examination, they are in violation of the law. Only licensed individuals may operate radiation producing equipment for diagnosis or therapeutic purposes.

#### **Old Business:**

A. Nuclear Medicine Concerns - Ms. Godby presented the Board with the findings of the committee meeting dealing with the West Virginia law relating to Nuclear Medicine. A recommendation was received from the nuclear medicine community from the previous meeting . This recommendation was submitted to the American Society of Radiologic Technologists (ASRT) and Nuclear Medicine Technology Certification Board (NMTCB) for comments. The ASRT submitted a recommendation for a suggested change. The NMTCB did not respond. However, a phone call to their office indicated they did receive the suggestion but were unable to respond within the given time frame. The matter was discussed, a motion made, seconded and passed that the wording would be changed to the following and submitted to the Legislature for passage during the 2009 session:

“The scope of practice for a Nuclear Medicine Technologist to operate an integrated multi-modality device, i.e., PET/CT, SPECT/CT requires that:

(A) A licensed Nuclear Medicine Technologist, (ARRT(N) or NMTCB) may administer ionizing radiation from an integrated multi-modality device, if the ionizing radiation is produced for the sole purpose of attenuation correction and considered an essential component of the procedure, provided the licensee has obtained proper documented training that has been approved by the board in the radiation safety aspects of the operation of these units; and

(B) A licensed radiographer, (ARRT R), or a nuclear medicine technologist with an additional certification by the ARRT or other nationally recognized certifying body in computed tomography, shall operate the computed tomography scanner if it is used for any other diagnostic radiographic procedures.”

B. Other Nuclear Medicine Concerns - Ms. Haye expressed concern regarding another aspect of the existing law which only gives a Nuclear Medicine Apprentice 2 years to obtain accreditation. She informed the Board that this was not enough time and that this would contribute to the shortage of Nuclear Technologists in the state. A number of other issues were brought up regarding the existing law, it was decided to establish a committee to review the entire law (§ 30-23). The following Board members will make up the committee:

Alice Blemont, Chairperson	Jamie Browning	Nancy Godby
Melissa Haye	Nancy Oughton	James Wilson

It was agreed to meet at the Flatwoods Days Inn on August 11, 2008 at 10:00 AM. Mr. Bowyer asked the committee members to email him if there was any issue with this time and date.

B. License Design and Printing - Mr. Bowyer informed the Board that the new licenses were now being used in the office and that it had increased the efficiency of the office considerably, saving both time and money. Ms. Godby noted that the print on the dates and license number was a little light. Mr. Bowyer indicated that he would ask the Treasurer's office to set the print on the 5 x 7 license in bold print.

#### **New Business:**

A. eGFR Calculations for Creatinine - Ms. Oughton informed the Board regarding a question related to technologists performing eGFR Calculations for Creatinine. It was determined that this is the responsibility of the facility and that it would not be within the scope of the board to create a policy related to this procedure. Mr. Bowyer indicated that he would respond to the facility that had presented the question.

B. Needs Assessment for New Schools - Ms. Haye presented the Board with a Needs Assessment for New School procedure. This procedure will be completed and submitted to the Board by any organization that is interested in starting a new imaging school in the state. Ms. Haye indicated that she has been working with Mr. Bowyer and has been in contact with the other program directors in the state to establish a Needs Assessment Procedure for the establishment of a new program in the state. Ms. Haye informed the Board that the law gives the Board the responsibility of either accepting or rejecting the establishment of any new Radiologic Technology program in the state, determined by the needs, limitations and location of the program. A motion was made seconded and passed to require that the Administrator, Chief Radiologist and Chief Technologist / Imaging Manager of the clinical sites submit documentation that they agree with the establishment of a new program in their facility. There was also a motion made, seconded and passed that would require the notification of Program Director of any existing program in state that consideration was being given to the establishment of a new program.

C. Change in Dental Hygienist Law - Mr. Bowyer informed the Board that the Dental Board had

submitted a change to their law for public comment. One of the changes is that a dental hygienist would be allowed to work on their own without a Dentist being present for up to three weeks or up to 15 consecutive days. Mr. Bowyer informed the Board, during this time frame, they would be allowed to perform x-rays examinations. This would be in direct conflict with our law which states that dental hygienist must be under supervision of a Dentist when performing x-ray procedures. Mr. Bowyer informed the Board that he had already submitted a letter to the Dental Board during the public comment period informing them that this could result in a violation of existing law regulating Medical Imaging, that they needed to review the existing law before they implemented the proposed changes. Mr. Bowyer indicated that he would be at the Legislative Committee meetings when the proposed changes went to are before the committees.

Ms. Hays will be in attendance representing her office, and Ms. Godby agreed to attend and represent the Board, since Mr. Bowyer will be unavailable those dates. Mr. Bowyer indicated that the Board would cover Ms. Godby's expenses to attend.

## **PERSONNEL EVALUATIONS**

Upon returning to the regular session, a motion was made to adjust the raise percent for office employees to a maximum of 4.0 % for a 2.90-3.00 rating with the lower rating adjusted to correspond with this change. The motion was made, seconded and passed. Mr. Bowyer indicated he would email the board the adjusted raise table.

Mr. Bowyer discussed Mr. Fink's job performance evaluation. Mr. Bowyer informed the Board that Mr. Fink's evaluation score equated to a 4 % raise but, since the Legislature had approved a raise of 3 % for all state employees, that amount would be the maximum raise allowed.

Ms. Belmont discussed Mr. Bowyer's job performance evaluation. Ms. Belmont informed the Board that Mr. Bowyer's evaluation score also equated to a 4 % raise but, based on the Legislative mandate, only a 3 % raise would be given. Motion was made, seconded and passed to give both employees the Legislative mandated, 3% raise effective July 1, 2008.
