Amanda Moore, Administrative  
Assistant  
[Amanda.G.Moore@wv.gov](mailto:Amanda.G.Moore@wv.gov)

## 2019 Annual Report

The FY-2019 Annual Report is available for review on our website under the "Board Information" link. We encourage all technologists to review the annual report.

## Highlights

During FY-2019 the Board managed 21 ethics cases. 3 cases were referred, 3 cases were dismissed, and 15 cases entered into a consent agreement. The Board licensed 3,180 technologists. The Board went completely paperless and purchased new computer systems. The Board implemented a new user-friendly website with more Board information available under Public Information for complete transparency. The Board no longer handles any money. The Board enrolled in the State Lock Box System to handle all checks and made an

option available to pay online for applicants submitting a paper application. The Board is changing its Series 1 Rule. It will be voted on during the 2020 Legislative Session. The Board discontinued its "State Only" Exam given by the ARRT. The "State Only" Exam was the same as the ARRT's National Certification Exam. The Board purchased a new web-based licensing system that will roll out in early 2020. And lastly, the Board said goodbye to Chairman Tuanya Layton. She served as Chairman for 5 years and served on the Board for 8 years. She will be greatly missed!

Looking forward to 2020!  
*Jamie Browning, Director*
